Mob : 9434521209 / 9475585518

Office : 03242-201125, 7001138398, 9007933805

## **Perception and Practises related to Energy Resources:**

### **Steps towards optimum use of electricity and maximum use of day light:**

1. College campus is Air Condition free (Chlorofluorocarbons (CFCs))
2. Use of LED Tube and Bulb instead of normal tube and bulb
3. Minimum use of Water withdrawal pump.
4. Open air class room (green board in wheel) to optimum use of Sun Light.

## Least Consumption of Electricity:

ENERGY RESOURCE MANAGEMENT				
1	2	3	4	5
Use of Maximum Day Light (Open Window to allow enough light in Library, Class room & office)	Air Condition Free (CFCs Free Campus) (No AC in Campus)	LED Light Use (100%LED Bulb)	Open Air Class Room (30% of Class with Board on Wheel)	Proposal for Solar Energy use (Communication made to WBPDCCL & WBSEDCL)

College is following these step since its premier day. In academic year 2023-24 college is planning to set Solar panel to minimise the use of electricity.
